

PRESIDENT: We go to LB64 for one hour and we will only have about 54 minutes or whatever, Senator Chambers. At what stage are we Mr. Clerk?

CLERK: Mr. President LB64 has been considered before, it was first considered on March 30th. There was a motion to adopt an amendment offered by Senator Simon on March 30th and 31st. The bill failed to advance. Then Mr. President, Senator DeCamp on March 30th offered eight pages of amendments which are printed in the Journal page 1172. Those amendments appear now to be pending.

PRESIDENT: Senator DeCamp asks unanimous consent to withdraw all of his amendments. Is there an objection? Seeing none it is so ordered. What else do you have Mr. Clerk?

CLERK: Mr. President, the next amendment is then offered by Senator Simon printed in the Journal on page 1366.

PRESIDENT: Senator Simon.

SENATOR SIMON: I ask unanimous consent to withdraw that one because I have another one.

PRESIDENT: Is there an objection? Seeing none it is withdrawn. Next.

CLERK: The next amendment then is offered by Senator Barnett it is found on page 1333 of the Legislative Journal.

PRESIDENT: Senator Simon.

SENATOR SIMON: Mr. President, members of the Legislature, I have written the Attorney General several times and have several different amendments up there and I inadvertently asked for unanimous consent to withdraw the wrong amendment and I talked to Senator Barnett and he will allow me to go ahead....

PRESIDENT: All right. We will reinsert the....which one do you want stricken?

SENATOR SIMON: I don't. I had already pulled it off the desk. The one that I asked to be withdrawn I don't want withdrawn.

PRESIDENT: Do you want to consider that at this time?

SENATOR SIMON: Yes.

PRESIDENT: Before we get on that Senator Barnett so that you would have advance notice the Clerk has advised me as to the nature of your amendment, the Chair is of the tentative opinion that that is probably not in order. We will discuss this later. I'm just telling you that so that you can get ready for that, Senator Barnett.

SENATOR BARNETT: What?

PRESIDENT: To go get some votes or whatever.

CLERK: Senator Simon's amendment is found on page 1366.

PRESIDENT: Senator Simon.
